## Global Conference for a Nuclear Power Free World Media Registration Information

Thank you for your interest in the Global Conference for a Nuclear Power Free World.  
Please see below for information regarding media participation at the conference and related events.

### Prior Registration

We request all media personnel who would like to cover the Conference itself or interview conference speakers to submit a registration form in advance. This form will be available for download from the Conference website here: [npfree.jp](http://npfree.jp)

- Deadline for submission of registration: January 6, 2012 (Fri)
- We are expecting large crowds on the day, and so are limiting media passes to those who plan to cover and report on the event.
- Coordination of interview requests and so on will take place after the registration form deadlines, and so the Conference Secretariat may contact you over the weekend of January 7-9, as well as business working days. Please be sure to include a mobile telephone number at which you can be reached during these days on the registration form.
- The conference venue must be notified of any requirements regarding large equipment, live feed vans etc in advance, so please be sure to notify the Secretariat.

### Fukushima Visit

Around 50 international participants who will join the Global Conference for a Nuclear Power Free World will visit Fukushima Prefecture on January 13, 2012. They will meet with local community groups, NGOs and others working on radiation issues in Fukushima City and Minamisoma City. The delegation will also visit temporary housing in Date Higashi to discuss issues related to residents living in evacuation and so on.
